

INFORMATION ABOUT THE PERSON FILLING THE FORM	
Name and family name	Tine Grebenc
Research organization	Slovenian Forestry Institute
Position in the organization	Researcher
Country	Slovenia
E-mail	Tine.grebenc@gozdis.si
EXPERIMENTAL SITE ¹	
Name of the site	Žlebič
Location of the site	Slovenia
	Zone: 33 ; Easting: 476661 ; Northing: 5067883
Start date	2007
Characteristics of the forest ecosystem where it is located	<p>Most relevant features:</p> <ul style="list-style-type: none"> - Vegetation: <i>Carpinus betulus</i>, <i>Quercus robur</i> - Soil characteristics - Mean annual temperature - Mean annual rainfall - Altitude, slope, aspect
Keywords	<i>Tuber aestivum</i> , <i>ectomycorrhiza</i> , production conditions
Scientific characteristics	Long-term monitoring of hypogeous fungi (including truffles) production in relation to soil conditions, climate and the effect of fire
	Interest for users:
	Particularities in comparison to others sites: coldest truffle productive site
Technical characteristics	Research projects in the frame of which the experimental site is used (include web site address): Programme group Forest biology, ecology and technology
	Detailed description (including instrumentation): soil and air temperature and soil moisture continuous measurement, regular monitoring of production of hypogeous fungi (incl. truffles) using specialised hunting dog
	Measured parameters: T, soil moisture, truffle species presence/absence, temporal production, semi-quantitative
	If there is any file, map or images relevant about this infrastructure, please attach them (indicating here the name of the file).
SCIENTISTS AND/OR TECHNICIANS IN CHARGE OF THE INFRASTRUCTURE	
Principal investigator	Dr. Tine Grebenc
One additional line per person	Name and e-mail address
ADMINISTRATIVE INFORMATION	
Availability for participating in mutual measurements	Yes or No
	Tine.grebenc@gozdis.si
	Conditions or Policy of use
Availability for accessing the data collected	Yes or No
	Tine.grebenc@gozdis.si
	Individual agreement based on research projects of particular research questions
