

FORESTERRA

Enhancing Forest REsearch in the MediTERRanean through improved coordination and integration

INFORMATION ABOUT THE PERSON FILLING THE FORM	
Name and family name	<i>Jose Climent</i>
Research organization	<i>INIA-CIFOR</i>
Position in the organization	<i>Tenured (Staff) Scientist</i>
Country	<i>Spain</i>
E-mail	<i>climent@inia.es</i>
DATABASE ¹	
Name of the database	<i>GENFORED: Base de datos de la Red española de ensayos genéticos forestales-Forest genetic trials network Database</i>
	<i>http://www.genfored.es/app/principal.php</i>
Scientific information	<i>Population genetics and breeding of forest trees</i>
	<i>Common garden trials. Assessing genetic differentiation and GEI over contrasted field sites</i>
	<i>Stored data on survival, growth, reproduction and phenology in different forest species (pines, beech and evergreen oaks). Repeated measures across time and among contrasted sites.</i>
Keywords	<i>3-5 keywords to describe the database and its objectives</i>
Technical information	<i>Spanish-English</i>
	<i>1. Active (can be completed)</i>
SCIENTISTS AND/OR TECHNICIANS IN CHARGE	
Principal investigator	<i>Eduardo Notivol (CITA) enotivol@aragon.es</i>
One additional line per person	<i>Ricardo Alía (INIA-CIFOR) alia@inia.es</i>
ADMINISTRATIVE INFORMATION FOR SHARING DATA	
Is there any policy for sharing data? (Either to contribute to the database or to extract data and results from the database)	<i>Metadata and basic statistics publicly available. Raw data can be checked and are available upon request by fulfilling an agreement/acknowledgment form. Some data might be unavailable due to unpublished ongoing research for a short period. Uploading new data is possible after communication to the database managers and implies acceptance of this policy.</i>
Is there any specific policy for transnational access?	<i>No, same conditions as national access</i>
	<i>Conditions</i>

¹ Note: This information could be published in the webpage of FORESTERRA.
